◎	BUTTON ATTACHMENT

TOTAL NUMBER OF ALIGNER

STARTER KIT: YES

CATEGORY: standard

Remarks:

- Use hand strips and/or Inter proximal reduction burs for Inter proximal reductions.
- Kindly ensure proper attachments transfer and their placements through-out the treatment.
- Attachment transfer can be done either with or without removing the isoflan layering.
- Copyplast Sheet for attachment transfer has an isoflan layering to provide strength to the template.
- Kindly ensure adequate patient compliance (minimum wear 20-22hrs./day)
- Refinements may be required.
